

Product technical specifications

Item name: **LED Bulb**

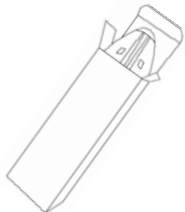

Item No: **KLN-B450Y-NW-E14**

✦ The product graph

✦ Shell package size

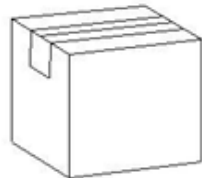

1 pcs

With box: 4.5*4.5*12cm

Net weight: 0.11kg

Gross weight: 0.13kg

240pcs

Carton size: 44*36*35cm

Net weight: 31.2kg

Gross Weight: 31.9kg

✦ Feature:

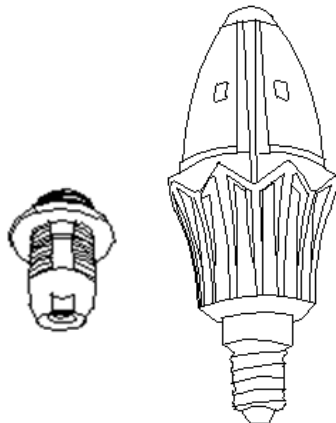

- △ U.S. Bridgelux chip, our own patented technology package.
- △ The exterior design from the English national flower-the rose.
- △ Petal-style high-quality die-cast aluminum radiator, cooling area is bigger, better heat dissipation.
- △ Orange peel reflector, the light source to the formation of diffuse reflectance and luminous flux compared to similar products increased by 10% or more
- △ China, Europe, North America, the Middle East, Russia, South Asia, East Asia and other countries in the region have applied for or granted a product patent.
- △ Application: Homes, villas, star hotels, restaurants, clubs, brand retail stores all kinds of occasions, crystal lighting, modern lantern supporting the light source etc.

✦ Application pictures

✦ Product Parameters

Parameter	Illustrate
Input Voltage	AC85-265V
Total Power	5W
Color Temperature	2700-6500K
Color Rendering Index	Ra>80
Luminous Efficiency	70-80lm/W
Working life-span	>35000H
Operating Temperature	-20℃ ~ +45℃
Base Standard	E14/E17
Appearance of color	Gold/Silver

△ E14 Lamp holders connect the power supply, tighten and load

✦ Notes

- △ Installation allows only the professional electrician, Please check before installation lamps with or without abnormal.
- △ When install lamps, Please do not plug operation and contact lamp holder section
